REGION 6 PARTNER OUTREACH PROGRAM (POP)

The purpose of the Network of the National Library of Medicine (NNLM) POP is to improve access to quality health information throughout the states of Illinois, Indiana, Iowa, Michigan, Minnesota, Ohio, and Wisconsin. POP organizations include health sciences libraries, public libraries, and community and faith-based organizations.

Contact your local POP Ambassador Organization today!

WHAT IS NNLM?

The goal of the Network of the National Library of Medicine (NNLM) is to advance the progress of medicine and improve the public's health by providing equal access to health information.

In addition to the Partner Outreach Program, Region 6 provides training, outreach, funding, and the opportunity for engagement with the Network.

NNLM Region 6, based at the University of Iowa, serves the states of Illinois, Indiana, Iowa, Michigan, Minnesota, Ohio, and Wisconsin. Region 6 is one of seven Regional Medical Libraries in the U.S.

NNLM MEMBERSHIP

Libraries, public health departments, schools, associations, and community and faith-based organizations can apply for membership. Membership is free and provides benefits, such as:

- Free educational materials for order and download
- Free professional development webinars and online courses
- Funding for professional certifications from the Medical Library Association (MLA)
- NNLM membership certificate to display your organization's commitment to provide quality health information.

HELPING COMMUNITIES

Region 6 POP organizations help to improve health information needs by:

- Training on quality health information resources such as MedlinePlus
- Communicating health information needs to NNLM Region 6
- Responding to the public's information needs as identified by Region 6
- Providing these services at no cost to their communities.
