Course Completions

Overview of ROC and Annual Goals

The NNLM *All of Us* Training and Education Center (TEC) has two main areas of focus: 1) to support engagement and awareness of the All of Us Research Program within public libraries 2) to support, create and maintain the Program's training and education needs via the creation of learning events and deliverables tailored to a wide variety of stakeholders and audiences along with an online learning platform to house *All of Us* informational materials and trainings.

- Goal 1. Develop, launch, and/or maintain trainings courses for a wide variety of audiences, in cooperation with the *All of Us* Consortium Training (ACT) Board.
- Goal 2. Continue to provide leadership and strategic planning for *All of Us* participant engagement activities and *All of Us* awareness within public libraries, in partnership with the NNLM *All of Us* Community Engagement Network
- Goal 3. Maintain and enhance Training and Education Platform (TEP).

Key Accomplishments

Digital Literacy Modules

- Available in English and Spanish

Citizen Science Month 2020

- Partnership with SciStarter, Arizona State University and Cornerstones of Science for a wide variety of activities and events

Citizen Science Training/Programs in a Box

- Designed for members of the general public, providing education on the concept of citizen science

National Health Observances

- 12-month calendar created
- Collaborative relationship with All of Us Research Program Communications and Editorial team

COVID-19 SPOTLIGHT

Due to COVID-19, the NNLM AoU Participant Engagement Team created and implemented a virtual engagement plan:

- Objective 1: Develop a national, evidence-based model for guiding virtual engagement activities for leverage by All of Us to inform future All of Us virtual engagement plans.
- Objective 2: Provide resources and infrastructure for library or community organizations to offer virtual engagement activities and programs that promote awareness of All of Us and align with the NNLM All of Us National Program (NP) priority health topics.
