

CHIS Learning Plan

December 2020, January, February 2021 and beyond

Earn a health specialization certificate through free, online, self-paced classes from the Network of the National Library of Medicine.

What is CHIS?

CHIS stand for [Consumer Health Information Specialization](#), a program by the Medical Library Association (MLA). CHIS is recognition for the accomplishment of acquiring new health information skills through training about providing health information services to consumers.

NNLM provides free, online training in support of CHIS, and can sponsor your CHIS application or renewal fee, making this specialization completely free to you.

Once you've completed 12 credits of training, [fill out this form](#) to get your CHIS application fee sponsored by NNLM. Any library staff member or library student in the U.S. interested in providing health information to the public is eligible for sponsorship. As of December 2020, NNLM has 75 sponsorships available.

Why Get a CHIS?

Library workers know the value of accurate information. Enhance and expand your skills with evidence-based knowledge and resources that will make you a confident, expert provider of health information to your community. CHIS shows employers, colleagues, and the public that you are committed to offering quality consumer health information services, and to staying current with consumer health information resources, technologies, and services.

How to Earn CHIS credits

Level 1	Level 2
12 hours of approved continuing education, must cover CHIS core competencies 1-5	12 additional hours of continuing education, cannot be classes you took to earn Level 1, must cover competencies 6-8
<ol style="list-style-type: none"> 1. Know the Community 2. Know the Health Consumer 3. Knowledge of Subject Matter and Existing Resources 4. Health Information Evaluation 5. Communication and Instruction 	<ol style="list-style-type: none"> 6. Literacy and Health Literacy 7. Technology and Health 8. Ethical and Legal Issues

CHIS Learning Plan

You need 12 hours/credits to get a CHIS certificate.

To get CHIS, follow this suggested plan.

- First, create an nnlm.gov account and register for NNLM classes.
 - [Directions for creating NNLM account \(PDF download\)](#)
- Second, take a class for Level 1 or Level 2
 - You must already be certified in CHIS Level 1 in order to apply for Level 2.
- Once you have finished a class, claim CE for it on Medlib-ed.org.
 - [Directions for claiming CE from Medlib-ed \(PDF download\)](#)
- Continue until you have gathered 12 credits
 - [Track your progress on this grid \(docx download\)](#)
- When you have taken all 12 credits, [request NNLM sponsorship of the CHIS application fee](#)
 - Direct link: <https://nnlm.gov/gmr/funding/chis-sponsorship>
- MLA Staff member will contact you regarding your CHIS Specialization within 6 weeks.

NNLM CHIS Grid

The table below lists all available NNLM CHIS classes and their format. Class formats include: live webinars, YouTube recordings, on-demand, and scheduled online classes. CE credit for recordings expire one year after date of webinar. Live webinars are recorded and posted to NNLM.gov. Email your regional medical library or contact nto@utah.edu with questions.

Course Title/Link	C1	C2	C3	C4	C5	C6	C7	C8
- Live Webinar - YouTube recording – email us for evaluation & CE code - On-demand, self-paced, online class in Moodle - Scheduled online class in Moodle								
ABCs of DNA: Unraveling the Mystery of Genetics Information Not currently scheduled = 8 credits								
Activate, Collaborate and Educate Feb 23, 2021 - Register = 1 credit Watch now (Apr 07, 2020) = 1 credit								
Beyond an Apple a Day Jan 8 – Feb 12, 2021 - Almost full = 4 credits Watch now (March 24, 2020) = 2 credits								

Course Title/Link	C1	C2	C3	C4	C5	C6	C7	C8
 - Live Webinar  - YouTube recording – email us for evaluation & CE code  - On-demand, self-paced, online class in Moodle  - Scheduled online class in Moodle								
Beyond the Binary  Jan 4 – Feb 1 – Register = 4 credits								
Caring for the Mind  March 16, 2021 - Register = 1 credit  Watch now (March 24, 2020) = 1 credit								
ClinicalTrials.gov  Not currently scheduled = 1 credit								
Consumer Health Collection Management On Demand  Take this = 4 credits <i>Opens January 11, 2021</i>								
Consumer Technology to Manage Personal Health Data  Not currently scheduled = 4 credits								
DNA to Z: Direct-to-Consumer Genetic Testing  Watch now = 1 credit								
Effective Health Communication and Health Literacy  Feb 16, 2021 - Register = 1 credit  Watch now (October 6, 2020) = 1 credit								
Food for Thought  Dec 17, 2020 - Register = 1 credit  Watch now (March 20, 2020) = 1 credit								
From A(ddiction) to Z(its)  Watch now (July 16, 2020) = 1 credit								
Getting Started with Information Outreach in Your Community  Watch now (July 9, 2020) = 1 credit								

Course Title/Link	C1	C2	C3	C4	C5	C6	C7	C8
 - Live Webinar  - YouTube recording – email us for evaluation & CE code  - On-demand, self-paced, online class in Moodle  - Scheduled online class in Moodle
